Saline County, Kansas

My dear sir:

Upon return to office we find the following:

Fortiers Log of the Johnson No. 1 Well.

~~300 feet of surface-pipe was set.~~

Total rotary hole depth was 3360 feet with
3353 feet with 5½" casing set. *with 75 sack cement*

Well plugging application form is enclosed as
completed by us at Smolan.

We thank you very kindly for your assistance.

Yours very truly

H. S. Currier
