t dealers under										
I declare under penalty of perjury under the laws of the state of Kansas that I am authorized to request exempt status under Rule K.A.R. 82-3-304 on behalf of the operator Claassen Oil and Gas, Inc.										
and that the foregoing correct to the best of of equipment installa	ng pressure information and statements contained on this application form are true and my knowledge and belief based upon available production summaries and lease records ation and/or upon type of completion or upon use being made of the gas well herein named. a one-year exemption from open flow testing for the Heinson 1-21									
gas well on the grou										
is is I further agree to	a coalbed methane producer cycled on plunger lift due to water can a source of natural gas for injection into an oil reservoir undergoing ER con vacuum at the present time; KCC approval Docket No control capable of producing at a daily rate in excess of 250 mcf/D cosupply to the best of my ability any and all supporting documents deemed by Commission of corroborate this claim for exemption from testing.									
Date: 12/20/2010										
	Signature: Daniel R Claasen Title: President									

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption IS denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The property signed and dated on the front side as though it was a verified report of annual test results.
