Re: Marshall B #6
SESESE Sec. 25-11S-18W
Ellis County, Kansas
API # 15-051-26083-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Marshall B #6 well.

The original 365 days for closure expired on 02/21/2012. This extension will expire 05/21/2012. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Very sincerely yours,

Doug Louis
Director

RE: Pit Extension Request
The Bill Bowman Oil Company – Marshall B #6 –NW SE SE SE of S25-T11S-R18W
In Ellis County, Kansas API#15-051-26083-0000

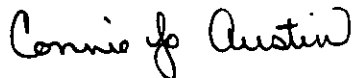

Dear Kathy

I am writing to request an Extension of Closure for the drilling pit for the above referenced well.

This pit should be filled back in by February 21, 2012, 365 days from drilling spud date. We Have gotten a lot of snow recently, and the location will be too muddy to get in to close the Pit. I would like to request a six month extension of the Marshall B #6 pit closure.

If you have any questions, please call 785-434-2286. Thank you for your time concerning this matter.

Sincerely,

Connie Jo Austin
Agent for The Bill Bowman Oil Company
