I declare under penalty of perjury under the laws of the state of Kansas that I am authorized to request exempt status under Rule	I
K.A.R. 82-3-304 on behalf of the operator and that the foregoing pressure information and statements	
contained on this application form are true and correct to the best of my knowledge and belief based upon available production summaries and lease records of equipment installation and/or upon type of completion or upon use being made of the gas well herein named.	
I hereby request a one-year exemption from open flow testing	
said well:	
(Check one)	
is a coalbed methane producer	
is cycled on plunger lift due to water	
is a source of natural gas for injection into an oil reservoir undergoing ER	
is on a vacuum at the present time; KCC approval Docket No.	
is not capable of producing at a daily rate in excess of 250 mcf/D	
I further agree to supply to the best of my ability any and all supporting documents deemed by Commission staff as necessary to	
corroborate this claim for exemption from testing.

Title:	_

Instructions: If a gas well meets one of the eligibility criteria set out in the KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under OBSERVED SURFACE DATA. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption IS denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31st of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.

Jim Hemmen Finney State Office Building 130 S. Market, Room 2078 Wichita, KS 67202-3802

Dear Mr. Hemmen:

Please find enclosed, the One Point & Four Point Stabilized Open Flow/Deliverability Test, Multipoint Back Pressure Test, and Gas Analysis Certificate for the following well:

Rowland C-2

Section 14-T30S-R32W

If you have any questions or concerns please contact me at any time.

Regards,

Tom Acton

Gas Flow Coordinator

Enclosures: 2010 Form G-2/CG-1
