I declare under penalty of perjury under	er the laws of the state of Kansas that I am authorized to request
exempt status under Rule K.A.R. 82-3-304 o	on behalf of the operator Foundation Energy Management, LLC
	n and statements contained on this application form are true and
correct to the best of my knowledge and bel	lief based upon available production summaries and lease records
of equipment installation and/or upon type o	of completion or upon use being made of the gas well herein named.
I hereby request a one-year exemption	from open flow testing for the Keesling 1-1
gas well on the grounds that said well:	
is on vacuum at the pres  is not capable of produc	due to water s for injection into an oil reservoir undergoing ER sent time; KCC approval Docket No sing at a daily rate in excess of 250 mcf/D my ability any and all supporting documents deemed by Commission
Date: 3/29/2012	RECEIVE
	RECEIVED  APR 1 3 2012  KCC WICHTA
	APK 1 3 2012
s	signature: KCC WICHITA
	Title: Operations Engineer

## Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
