Date: July 5, 2012

Re: Well Inventory – T1 Transfers – Hess Lease – 14-21-15 Coffey Co.

Dear Barbara:

Per our conversation today Mark L. Haas spudded the Hess Well #1 in 1997 and it was a dry hole so they plugged this well.

The plugging report was filled out but not ever signed and sent to KCC in 1997. You advised to complete a well plugging record on this well and forward the plugging report to KCC.

Please review the attached information and if you have any questions, please feel free to give me a call.

Thank you.

Sincerely,

Julie Barber
