When filing a Form T-1 involving multiple surface owners, attach an additional sheet listing all of the information to the left for each surface owner. Surface owner information can be found in the records of the register of deeds for the county, and in the real estate property tax records of the county treasurer.

Surface Owner Information:  
Name: Sonia Johnson BAW 8/27/12

If this form is being submitted with a Form C-1 (Intent) or CB-1 (Cathodic Protection Borehole Intent), you must supply the surface owners and the KCC with a plat showing the predicted locations of lease roads, tank batteries, pipelines, and electrical lines. The locations shown on the plat are preliminary non-binding estimates. The locations may be entered on the Form C-1 plat, Form CB-1 plat, or a separate plat may be submitted.

Select one of the following:

- I certify that, pursuant to the Kansas Surface Owner Notice Act (House Bill 2032), I have provided the following to the surface owner(s) of the land upon which the subject well is or will be located: 1) a copy of the Form C-1, Form CB-1, Form T-1, or Form CP-1 that I am filing in connection with this form; 2) if the form being filed is a Form C-1 or Form CB-1, the plat(s) required by this form; and 3) my operator name, address, phone number, fax, and email address.
- I have not provided this information to the surface owner(s). I acknowledge that, because I have not provided this information, the KCC will be required to send this information to the surface owner(s). To mitigate the additional cost of the KCC performing this task, I acknowledge that I am being charged a \$30.00 handling fee, payable to the KCC, which is enclosed with this form.

If choosing the second option, submit payment of the \$30.00 handling fee with this form. If the fee is not received with this form, the KSONA-1 form and the associated Form C-1, Form CB-1, Form T-1, or Form CP-1 will be returned.

I hereby certify that the statements made herein are true and correct to the best of my knowledge and belief.

RE: CP-1/KSONA-1 forms  
Lease Name: Moore 1 30-30S-16E Wilson Cty.  
API No. 15-205-23450-0001

Dear Operator:

The enclosed **Well Plugging Application forms (CP-1 and KSONA-1)**, received August 21, 2012, are incomplete due to non-compliance with the Kansas Surface Owner Notification Act (KSONA). These forms cannot be processed without the following corrections:

**The Surface Owner Information, to include the complete name(s) and address(es), was omitted.** Although you elected for KCC to notify the Surface Owner and paid the required \$35.00 dollar KSONA notification fee, you are still required to provide their name(s) and address(es) on the KSONA-1 form. Payment of the KSONA notification fee does not preclude your responsibility to identify the name(s) and address(es) of all of the Surface Owner(s) associated with the above-referenced well. Please add this information to the KSONA-1 form, then initial and date beside your changes; if there is more than one Surface Owner, attach a separate piece of paper listing the applicable information for all subsequent Surface Owners. Additionally, you will need to line through your previous signature and date signed on the KSONA-1 form and re-sign and re-date it. This is required in order to meet our legal staff's minimum guidelines in order to approve your well plugging application

Please make all of the above-referenced corrections and **then return the CORRECTED, ORIGINAL CP-1, KSONA-1 form and any applicable attachments, along with a copy of this letter, to my attention by September 5, 2012.** Please contact me directly at (316) 337-6108 if you have any questions or need further assistance.

Sincerely,

Marjorie (Maggie) Marcotte

Dear Operator:

This letter is to notify you that the Conservation Division has received your plugging proposal, form CP-1, for the above well and has reviewed the proposal for completeness. The central office will now forward your CP-1 to the district office listed below for review of the proposed plugging method. **Please contact the district office for approval of your proposed plugging method at least five (5) days before plugging the well, pursuant to K.A.R. 82-3-113(b). If a workover pit will be used during the plugging of the well it must be permitted. A CDP-1 form must be filed and approved prior to the use of the pit in accordance with K.A.R. 82-3-600.**

The Conservation Division's review of form CP-1, either in the central or district office, does not include an inquiry into well ownership or the filing operator's legal right to plug the well. This notice in no way constitutes authorization to plug the above well by persons not having legal rights of ownership or interest in the well.

**This notice is void after February 25, 2013. The CP-1 filing does not bring the above well into compliance with K.A.R. 82-3-111 with regard to the Commission's temporary abandonment requirements.**

Sincerely,

Steve Bond  
Production Department Supervisor

**RE: Kansas Surface Owners Notification Act**  
**Lease Name: MOORE Well No.: 1**  
**Location: 30-30S-16E, E2E2NESE, WILSON CTY**

Dear Ms. Johnson:

The 2009 Legislature passed *House Bill 2032*, known as the *Kansas Surface Owners Notice Act*. This Act requires the KCC to provide copies of drilling intents, operator transfers and well plugging applications to the surface owner if they are not provided by the lease operator. The *Operator of Record* has advised us that they have not provided you with a copy of the attached Well Plugging Application (CP-1) and Certification of Compliance with the Kansas Surface Owner Notification Act (KSONA-1) forms. Therefore, this letter and the attached forms shall serve as notice of the operator's action(s) in relation to the above-referenced well.

You do not need to respond to the KCC. Please contact the operator listed on these forms if you have any questions.

Very truly yours,

Steve Bond  
Production Department Supervisor
