	KCC WICHITA
I declare under penalty of perjury under the laws of the	state of Kansas that I am authorized to request
exempt status under Rule K.A.R. 82-3-304 on behalf of the op-	erator Edison Operating Company, LLC
and that the foregoing pressure information and statements	
correct to the best of my knowledge and belief based upon av	vailable production summaries and lease records
of equipment installation and/or upon type of completion or up	oon use being made of the gas well herein named.
I hereby request a one-year exemption from open flow te	sting for the Sterling B-1
gas well on the grounds that said well:	
(Check one)	
is a coalbed methane producer	
is cycled on plunger lift due to water	
is a source of natural gas for injection into	an oil reservoir undergoing ER
is on vacuum at the present time; KCC ap	proval Docket No
is not capable of producing at a daily rate	in excess of 250 mcf/D
I further agree to supply to the best of my ability any and	I all supporting documents deemed by Commission
staff as necessary to corroborate this claim for exemption fro	om testing.

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
