## ONE POINT STABILIZED OPEN FLOW OR DELIVERABILITY TEST

Type Test:

(See Instructions on Reverse Side)

- Open Flow  
 Deliverability

Test Date:  
9-25-12

API No. 15  
15-159-20476-00-00

Company Bear Petroleum LLC		Lease Thompson			Well Number 1	
County Rice	Location NE NE NE	Section 28	TWP 20	RNG (E/W) 10W	Acres Attributed	
Field Chase-Silica		Reservoir Winfield		Gas Gathering Connection Mid Kansas Gas Gathering		
Completion Date 2-28-73		Plug Back Total Depth 1465		Packer Set at NA		
Casing Size 7"	Weight 20	Internal Diameter 6 5/8"	Set at 2335	Perforations 1409	To 1420	
Tubing Size 2 3/8"	Weight 4.7	Internal Diameter 2"	Set at 1421	Perforations	To	
Type Completion (Describe) Single (Gas)		Type Fluid Production Saltwater		Pump Unit or Traveling Plunger? <input checked="" type="checkbox"/> / No Pumping Unit		
Producing Thru (Annulus / Tubing) Annulus		% Carbon Dioxide		% Nitrogen		Gas Gravity - G <sub>g</sub>
Vertical Depth(H)		Pressure Taps			(Meter Run) (Prover) Size 4"	
Pressure Buildup: Shut in 9-11		20 12 at 10:00		(AM) (PM) Taken 9-12		20 12 at 10:00 (AM) (PM)
Well on Line: Started		20 at		(AM) (PM) Taken		20 at (AM) (PM)

## KCC WICHITA

I declare under penalty of perjury under the laws of the state of Kansas that I am authorized to request exempt status under Rule K.A.R. 82-3-304 on behalf of the operator Bear Petroleum LLC and that the foregoing pressure information and statements contained on this application form are true and correct to the best of my knowledge and belief based upon available production summaries and lease records of equipment installation and/or upon type of completion or upon use being made of the gas well herein named.

I hereby request a one-year exemption from open flow testing for the Thompson #1 gas well on the grounds that said well:

(Check one)

- is a coalbed methane producer
- is cycled on plunger lift due to water
- is a source of natural gas for injection into an oil reservoir undergoing ER
- is on vacuum at the present time; KCC approval Docket No. \_\_\_\_\_
- is not capable of producing at a daily rate in excess of 250 mcf/D

I further agree to supply to the best of my ability any and all supporting documents deemed by Commission staff as necessary to corroborate this claim for exemption from testing.

Date: 10-1-12

Signature: \_\_\_\_\_ 

Title: President

**Instructions:** If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
