If this form is being submitted with a Form C-1 (Intent) or CB-1 (Cathodic Protection Borehole Intent), you must supply the surface owners and the KCC with a plat showing the predicted locations of lease roads, tank batteries, pipelines, and electrical lines. Re: Well Plugging Application
API # 119-20285

Dear Mr. Bond:

On April 3, 2012, M E Klein & Associates, Inc. filed for and was granted permission to Plug and Abandon the referenced well in Meade County, Kansas. Our plugger, Jerry Dunkin Well Plugging, will be unable to meet the September 30, 2012 deadline for abandonment of the well, and has requested a 30 day extension. The Dodge City office informed me that it would be necessary to re-file the CP-1 and KSONA-1 forms in order to begin the process again. I have therefore attached the necessary application forms for your review and authorization.

Should you have any questions, please contact me at your convenience.

Best regards,

Mark Klein
President

API 15-119-20285-00-00
19-32S-28W, 1318 FSL 4946 FEL
MEADE COUNTY, KANSAS

Dear Operator:

This letter is to notify you that the Conservation Division has received your plugging proposal, form CP-1, for the above well and has reviewed the proposal for completeness. The central office will now forward your CP-1 to the district office listed below for review of the proposed plugging method. **Please contact the district office for approval of your proposed plugging method at least five (5) days before plugging the well, pursuant to K.A.R. 82-3-113(b). If a workover pit will be used during the plugging of the well it must be permitted. A CDP-1 form must be filed and approved prior to the use of the pit in accordance with K.A.R. 82-3-600.**

The Conservation Division's review of form CP-1, either in the central or district office, does not include an inquiry into well ownership or the filing operator's legal right to plug the well. This notice in no way constitutes authorization to plug the above well by persons not having legal rights of ownership or interest in the well.

This notice is void after March 30, 2013. The CP-1 filing does not bring the above well into compliance with K.A.R. 82-3-111 with regard to the Commission's temporary abandonment requirements.

Sincerely,

Steve Bond
