Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Mellies OWWO 1 C well.

The original 365 days for closure expired on 06/07/2011. This extension will expire 09/07/2011. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Very sincerely yours,

Doug Louis
Director

Extension Request

Ms. Rains:

The extension of time for the filling of the drilling pits on the above referenced well has expired on June 7, 2011. An extension of time is requested as the pits are still rain water saturated and unable to be closed at this time.

Please grant us an extension of time so we can close the above referenced pits when they are truly ready.

Sincerely,

PICKRELL DRILLING COMPANY, INC.
