Re: Sackett 1
SWSE Sec. 02-18S-01W
McPherson County, Kansas
API # 15-113-21331-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Sackett 1 well.

The original 365 days for closure expired on 10/13/2009. This extension will expire 06/28/2011. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Very sincerely yours,

Doug Louis
Director

RE: Sackett #1 Closure

Dear Mr. Hoffman and Ms. Rains:

This letter is in response to your Non-Compliance With Commission Order regarding the above mentioned lease. We are requesting an extension for filling this pit. We have inspected the lease and have hired Schulz Welding Service to fill he pits. They have been out 4 times to try to complete the task and were unable to finish safely. Due to the amount of moisture and recent rain please extend our permit for 3 months. Thank you.

Sincerely,

Donna L. May-Murray
Office Manager
