Re: Wieland Unit 6-17  
SWSE Sec. 01-13S-16W  
Ellis County, Kansas  
API # 15-051-25936-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the drilling of the Wieland Unit 6-17 well.

The original 365 days for closure expires on 02/01/2011. This extension will expire 05/01/2011. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Very sincerely yours,

A handwritten signature in cursive script that reads "Doug Louis".

Re: Pit Closure Extension Request  
Wieland Unit 6-17  
API 15-051-25936  
SE SW SE Sec. 1-13S-16W  
Ellis County, KS

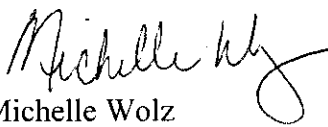

Dear Ms. Rains:

Per rule K.A.R. 82-3-602(a), Citation is requesting an extension to the 365 day pit closure from spud rule in order to properly close the drilling pit at the Wieland Unit 6-17 well location until July 31, 2011. The current extension on this well will expire January 31, 2011.

The pit is not dry enough to close. There is no standing fluid but the bottom is not dry enough to close yet without being a problem.

If you require additional information to process our request, please contact the undersigned, at 281-891-1564.

Sincerely,

  
Michelle Wolz  
Permitting Analyst
