

KANSAS CORPORATION COMMISSION ONE POINT STABILIZED OPEN FLOW OR DELIVERABILITY TEST

Type Test:

- Open Flow
 Deliverability

(See Instructions on Reverse Side)

Test Date:
10/3/12

API No. 15
023-20418-0000

Company Priority Oil & Gas LLC			Lease Gustav Hilt		Well Number 2-14
County Cheyenne	Location S/2 NW SW	Section 14	TWP 3 S	RNG (E/W) 42	Acres Attributed
Field Cherry Creek		Reservoir Beecher Island	Gas Gathering Connection Priority Oil & Gas LLC		
Completion Date 06/22/03		Plug Back Total Depth 1614	Packer Set at		
Casing Size 4.5 in	Weight 10.5	Internal Diameter 4.052	Set at 1656	Perforations 1490	To 1520
Tubing Size none	Weight	Internal Diameter	Set at	Perforations	To
Type Completion (Describe) single (gas)		Type Fluid Production none	Pump Unit or Traveling Plunger? Yes / No		
Producing Thru (Annulus / Tubing) casing		% Carbon Dioxide 1.684	% Nitrogen 3.842	Gas Gravity - G _g 596	
Vertical Depth(H)		Pressure Taps		(Meter Run) (Prover) Size 2 in.

Form G-2
(Rev. 7/03)

NOV 30 2012

KCC WICHITA

I declare under penalty of perjury under the laws of the state of Kansas that I am authorized to request exempt status under Rule K.A.R. 82-3-304 on behalf of the operator Priority Oil & Gas LLC and that the foregoing pressure information and statements contained on this application form are true and correct to the best of my knowledge and belief based upon available production summaries and lease records of equipment installation and/or upon type of completion or upon use being made of the gas well herein named.

I hereby request a one-year exemption from open flow testing for the Gustav Hilt 2-14 gas well on the grounds that said well:

(Check one)

- is a coalbed methane producer
- is cycled on plunger lift due to water
- is a source of natural gas for injection into an oil reservoir undergoing ER
- is on vacuum at the present time; KCC approval Docket No. _____
- is not capable of producing at a daily rate in excess of 250 mcf/D

I further agree to supply to the best of my ability any and all supporting documents deemed by Commission staff as necessary to corroborate this claim for exemption from testing.

Date: 10/30/12

Signature: 
Title: Business Manager

Instructions: If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
