exempt status under and that the foregoing correct to the best of	under penalty of perjury under the laws of the State of Kansas that I am authorized to request er Rule K.A.R. 82-3-304 on behalf of the operator LINN OPERATING, INC. ing pressure information and statements contained on this application form are true and of my knowledge and belief based upon available production summaries and lease records lation and/or upon type of completion or upon use being made of the gas well herein named.										
hereby request a one-year exemption from open flow testing for the HCU 0421-B											
gas well on the grounds that said well:											
(C	(Check one)										
is I further agree to su	a coalbed methane producer cycled on plunger lift due to water a source of natural gas for injection into an oil reservoir undergoing ER on vacuum at the present time; KCC approval Docket No. not capable of producing at a daily rate in excess of 250 mcf/D upply to the best of my ability any and all supporting documents deemed by Commission to corroborate this claim for exemption from testing.										
Date: 12	2/4/12										
	Signature:										

## Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to obtain exempt status for the gas well.

At some point during the succeeding calendar year, wellhead shut-in pressure shall have been measued after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under OBSERVED SURFACE DATA. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility from exemption IS denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
