Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Griffith #14A-30-1831 well.

The original 365 days for closure expired on 05/10/2012. This extension will expire 09/16/2012. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Very sincerely yours,

Doug Louis  
Director

Dear Ms. Haynes:

FIML Natural Resources, LLC is requesting an extension to close the drilling pit located on the referenced location. The pit has been squeezed, but winter and spring weather conditions have not allowed it to finish drying.

If you have any questions or need further information, please contact me at 303-893-5090.

Sincerely,

A handwritten signature in black ink, appearing to read "Cassandra Parks". The signature is fluid and cursive.
