exempt status und and that the foreg	der penalty of perjury under the laws of the state of Kansas that I am authorities and the Rule K.A.R. 82-3-304 on behalf of the operator Westmore Drilling Companion of the pressure information and statements contained on this application for the top of the production summaries and the top of the production of the pr	y, Inc. m are true and
of equipment insta	allation and/or upon type of completion or upon use being made of the gas well	herein named.
I hereby requ	est a one-year exemption from open flow testing for the	ڪ
gas well on the gr	rounds that said well:	
•	is a coalbed methane producer is cycled on plunger lift due to water is a source of natural gas for injection into an oil reservoir undergoing ER is on vacuum at the present time; KCC approval Docket No is not capable of producing at a daily rate in excess of 250 mcf/D e to supply to the best of my ability any and all supporting documents deeme y to corroborate this claim for exemption from testing.	RECEIVE DEC 2 0 KCC WICH
Date: 11-15-2012	2	RECEIVED NOV 1 9 2012 CCC WICHITA
	Signature: Law CA CA Title: Secretary	8

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
