RE: Plugging Application for the ROEHR SWD well #2-I

Dear Sirs;

Globe Energy Services, LLC is requesting KCC approval to plug its ROEHR SWD, well #2-I in Stevens County, Kansas. Attached is the completed application on the referenced well. We have very limited information on this well and are requesting KCC assistance in development of the plugging procedure.

Globe purchased this well from West Sunset back in October, 2012. The integrity of the well bore is such that the well should be plugged due to severe casing problems.

If you have any questions concerning the application, please feel free to contact me at our Midland, Texas office at (432) 218-7888 or my cell number at (432) 238-9579. Please let me know if you need any additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Lyn Sockwell", is written over a horizontal line.

Dear Operator:

This letter is to notify you that the Conservation Division has received your plugging proposal, form CP-1, for the above well and has reviewed the proposal for completeness. The central office will now forward your CP-1 to the district office listed below for review of the proposed plugging method. **Please contact the district office for approval of your proposed plugging method at least five (5) days before plugging the well, pursuant to K.A.R. 82-3-113(b). If a workover pit will be used during the plugging of the well it must be permitted. A CDP-1 form must be filed and approved prior to the use of the pit in accordance with K.A.R. 82-3-600.**

The Conservation Division's review of form CP-1, either in the central or district office, does not include an inquiry into well ownership or the filing operator's legal right to plug the well. This notice in no way constitutes authorization to plug the above well by persons not having legal rights of ownership or interest in the well.

**This notice is void after August 13, 2013. The CP-1 filing does not bring the above well into compliance with K.A.R. 82-3-111 with regard to the Commission's temporary abandonment requirements.**

Sincerely,

Steve Bond
