exempt status under Rule K.A.R. 82-3-304 or and that the foregoing pressure information correct to the best of my knowledge and belie of equipment installation and/or upon type of I hereby request a one-year exemption for	or the laws of the state of Kansas that I am authorized to request in behalf of the operator Trans Pacific Oil Corp in and statements contained on this application form are true and itef based upon available production summaries and lease records if completion or upon use being made of the gas well herein named. From open flow testing for the R.D. Bookstore 1-29
is on vacuum at the prese	
I further agree to supply to the best of n staff as necessary to corroborate this claim Date: 2/25/13	ny ability any and all supporting documents deemed by Commission for exemption from testing.
S	ignature: Full Some Full S

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
