exempt status under Rule K.A.R. 82-3-304 or and that the foregoing pressure information correct to the best of my knowledge and belie of equipment installation and/or upon type of	n and statements contained on this application form are true and
correct to the best of my knowledge and beli of equipment installation and/or upon type of	• •
of equipment installation and/or upon type of	ief hased upon available production summaries and lease records
	iei based upon avallable production summanes and lease records
I hereby request a one-year exemption f	f completion or upon use being made of the gas well herein named.
The state of the s	from open flow testing for the Colter 1-6
gas well on the grounds that said well:	
(Check one)	
is a coalbed methane pro	oducer
is cycled on plunger lift d	lue to water
is a source of natural gas	s for injection into an oil reservoir undergoing ER
is on vacuum at the prese	ent time; KCC approval Docket No
is not capable of produci	ing at a daily rate in excess of 250 mcf/D
further agree to supply to the best of m staff as necessary to corroborate this claim	ny ability any and all supporting documents deemed by Commission for exemption from testing.
Date: December 12, 2012

## Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
