	KCC WICHITA
, , , , , ,	der the laws of the state of Kansas that I am authorized to request on behalf of the operator Bear Petroleum LLC
	ion and statements contained on this application form are true and
correct to the best of my knowledge and b	elief based upon available production summaries and lease records
	of completion or upon use being made of the gas well herein named. In from open flow testing for the Elder #1
gas well on the grounds that said well:	
(Check one)	
is a coalbed methane p	producer
is cycled on plunger lif	t due to water
is a source of natural g	gas for injection into an oil reservoir undergoing ER
is on vacuum at the pre	esent time; KCC approval Docket No
is not capable of produ	ucing at a daily rate in excess of 250 mcf/D
staff as necessary to corroborate this clai	f my ability any and all supporting documents deemed by Commissio im for exemption from testing.
Date: <u>1-4-13</u>	
	Signature:
	Title: President

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under OBSERVED SURFACE DATA. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption IS denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
