I declare under penalty of perjury under the laws of the state of Kansas that I am authorized to resempt status under Rule K.A.R. 82-3-304 on behalf of the operator R.B.D.D.D.D.D.D.D.D.D.D.D.D.D.D.D.D.D.D.	ue and
is on vacuum at the present time; KCC approval Docket No	nmission
Date: 12-20-12	
Signature: Deal Manager Title: VP	

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under OBSERVED SURFACE DATA. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption IS denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The GENGD esigned and dated on the front side as though it was a verified report of annual test results.
