RE: Plugging extension on the Rahm #1, API #15-135-23, 289-0000

Dear Ms. Feist:

RAMCO is requesting from your office an extension on the original 120 days from spud date to plug and abandon on the Ella Rahm #1, C-SW-SE of Section 22-19S-22W in Ness County.

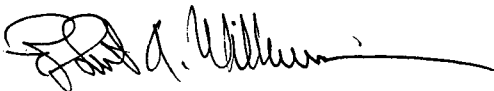

It was RAMCO's intention to plug and abandon this well within the State's guidelines, however when our casing puller's arrived on location to shoot and pull the pipe to P&A they were ordered off the property by Mrs. Rahm. Another company in the area has a need for a disposal well and I believe they went to Mrs. Rahm when they could not come to terms with us on a price for the well. Mrs. Rahm has since hired an attorney to deal with us on this matter (see attached letter).

We will be happy to pull the casing and plug and abandon as soon as it is possible as we are into a new drilling program and could use the casing from this dry hole, however we have also been forced to turn this matter over to our attorney to settle the outcome. Therefore, we respectfully request a time extension for the plugging and abandonment of the hole.

If I may be of further assistance in this matter, please do not hesitate to call.

Sincerely,

RAMCO ENERGY CORPORATION

Re: East Half of Section 22, Township 19, Range 22,
Ness County, Kansas

Gentlemen:

This is to confirm our telephone conversation at approximately
11:00 a.m. today.

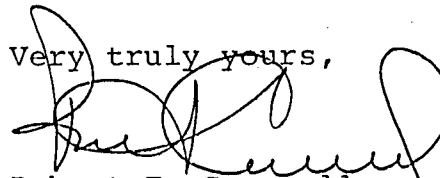

We represent Ella Rahm, the owner of the above land.

Mrs. Rahm does not want you to plug and pull the well that you
drilled on her land.

As we explained to you, it is our opinion that, under Kansas law,
you must take into consideration the rights of your lessor before
you plug a well.

Mrs. Rahm is willing to pay you \$2,000.00, relieve you of the
obligation of plugging the well and restoring the surface, and
release you of all claims for damages to her property. We
believe that this is more than you can recover by plugging the
hole. If you disagree, we would appreciate being advised of what
amount you think you can recover and the particulars of how you
calculated such amount.

Very truly yours,

Robert T. Cornwell
