Re: Box Ranch A #1-12  
NW/4 Sec. 12-35S-20W  
Comanche County, Kansas  
15-033-21586-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted a 30 day extension of time in which to close the haul-off pit associated with the Box Ranch A 1-12 well.

The original 365 days for closure expired on 06/21/2012. This extension will expire on 12/13/2013. Conditions should have existed within this time frame to allow closure of this haul-off pit. **No additional extensions will be granted.**

In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

**Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).**

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman  
Director

Re: Extension of time to close haul off pits for drilling of the Box Ranch "A" 1-12

Dear Kathy,

I would like to request for extension of time to close haul off pits associated with the drilling of the Box Ranch "A" 1-12 well. On October 10, 2013 I had filed a CDP-4 form for the same location which you approved on the same day. I however noticed a day later that there was a mix up on pit locations and the haul off pits are still open and too wet to finish closing at this time. We will close the pits as soon as ground conditions at the location permits.

Yours very truly,

Loveness Mpanje  
Petroleum Geologist
