Re: Clevenger 1-24  
NE/4 Sec. 24-28S-23W  
Ford County, Kansas  
API # 15-057-20844-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the haul-off pit associated with the Clevenger 1-24 well.

The original 365 days for closure expired on 09/13/2013. This extension will expire on 12/13/2013. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.*

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Very sincerely yours,

Ryan A. Hoffman  
Director

Haul Off Pit Location: 150' FNL & 600' FEL 24-28-23W  
Ford County, Kansas

Dear Ms. Rains:

Per our telephone conversation of this date Vincent Oil Corporation is requesting an extension to the requirements for pit closure for a haul off pit associated with the above referenced well. We are requesting a 60 day extension beyond the original required closure date of September 18, 2013. We were prepared to complete the pit closure but were requested by the landowner and the landowner's tenant (his son) to delay the closure until the current Milo crop is off of the acreage. Thus we are requesting this 60 day extension.

The drill pit associated with this site has been closed for some time and we have filed the necessary waste transfer and pit closure documents for that facility.

Should you or the field staff have any questions or require additional information with regard to this request concerning this haul off pit please contact me at the above letterhead address or telephone number.

Sincerely,

M.L. Korphage P.G.  
Geologist  
Vincent Oil Corporation
