Re: B. Keenan 4-1
NE/4 Sec. 04-22S-14W
Stafford County, Kansas
15-185-23771-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the B. Keenan 4-1 well.

The original 365 days for closure expired on 11/01/2013. This extension will expire on 02/01/2014. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

A handwritten signature in black ink that reads "Ryan A. Hoffman".

Re: Extension request for pit closure B. Keenan 4-1, NWNESWNE Sec 4, T22S, R14W;
API 185-23771-0000; Stafford, Co.

To Whom It May Concern:

Coral Production Corporation is requesting an extension to the requirement for the reserve pit closure at the above-referenced lease. Free fluids were removed at the termination of drilling operations, however additional water has accumulated in the pit due to rainwater and high water table and more time is needed for evaporation to occur. We are requesting an extension until April, 2014.

If you have any questions, please call me at (303) 623-3573 extension #101.

Sincerely,

James C. Wieger
Geologist
