Re: Waters #8-34
SE/4 Sec. 8-25S-14W
Stafford County, Kansas
15-185-23719-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted a 30 day extension of time in which to close the drilling pits associated with the Water 8-34 well.

The original 365 days for closure expired on 11/04/2012. This extension will expire on 12/06/2013. Conditions should have existed within this time frame to allow closure of this drill pit. **No additional extensions will be granted.**

In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Kathy Haynes
Environmental Protection & Remediation Department
Finney State Office Building
130 S. Market, Room 2078
Wichita, KS 67202

Dear Ms. Haynes:

Caerus Kansas respectfully requests a 30 day extension on the Closure of Surface Pit ("CDP-4") Notices of Violation for the following wells located in Stafford County:

- Waters #8-34 [API 15-185-23719]
- Waters #30-43 [API 15-185-23680]
- Getty #33-34 [API 15-185-23718]

All waste has been hauled from the three surface pits and the pits were left to dry. The current status of the surface pits needs to be re-evaluated and any open pits will be backfilled during the extension period, at which point a "CDP-4" form will be submitted to the Kansas Corporation Commission.

Sincerely,

A handwritten signature in black ink, appearing to read "Garrett E.", is written over the word "Sincerely,".

Garrett Elsener
