Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the August Unit #8-62 well.

The original 365 days for closure expired on 10/23/2013. This extension will expire on 01/23/2014. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Re: Extension for filing of Pit Closure
Augusta Unit #8-62
API #15-015-23958-00-00
Sec. 10-28S-04E
Butler County, Kansas

Dear Sir:

We would like to request an extension to file the pit closure (CDP-4) for the above captioned well that was drilled in Butler County in October 2012. Upon repeated inspections the location is still not dry enough to fill the pit at this time.

If you have any questions please contact me at 316-682-1537 X102. We appreciate your consideration.

Very truly yours,

Michelle D. Henning
