		ansas that I am authorized to request
exempt status under Rule K.A.R. 8	2-3-304 on behalf of the operator PAL	LIMER OIL, INC.
and that the foregoing pressure in	nformation and statements contained	d on this application form are true and
correct to the best of my knowledg	je and belief based upon available pro	oduction summaries and lease records
		ing made of the gas well herein named.
	xemption from open flow testing for the	e
gas well on the grounds that said v	well:	
		St. Land
(Check one)		
	ethane producer	
	unger lift due to water	
is a source of n	natural gas for injection into an oil rese	ervoir undergoing ER
is on vacuum a	it the present time; KCC approval Doc	ket No.
✓ is not capable	of producing at a daily rate in excess	of 250 mcf/D
I further agree to supply to the	e best of my ability any and all suppor	rting documents deemed by Commission
staff as necessary to corroborate	this claim for exemption from testing.	•

	Title: PRODUCTION A	ASSISTANT

instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
