The undersigned authority, on behalf of the Company, states that he is duly authorized to make the above report and that he has knowledge of the facts stated therein, and that said report is true and correct. Executed this the SCC WICHITA December 131 Witness (if any)											

DEC 04 2013

I declare under penalty of perjury under the laws of exempt status under Rule K.A.R. 82-3-304 on behalf of the and that the foregoing pressure information and statem correct to the best of my knowledge and belief based upon of equipment installation and/or upon type of completion of the laws of the laws of equipment installation and/or upon type of completion of the grounds that said well:	nents contained on this application form are true and on available production summaries and lease records or upon use being made of the gas well herein named.						
(Check one) is a coalbed methane producer is cycled on plunger lift due to water is a source of natural gas for injection is on vacuum at the present time; KCC ✓ is not capable of producing at a daily	C approval Docket No						
I further agree to supply to the best of my ability any and all supporting documents deemed by Commission staff as necessary to corroborate this claim for exemption from testing.							
Date: 12/01/2013 Signature:	Richard A. Mills						
Title: O	WNER/OPERATOR						

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
