Gentlemen:

FOR YOUR ATTENTION

Enclosed is an attested copy of the above-described order, together with an invoice of the charges. YOUR ATTENTION IS DIRECTED TO THE PROVISIONS OF THIS ORDER WHICH PROHIBIT THE TRANSFER OF THE REPRESSURING OF WATERFLOOD AUTHORITY (if the lease or leases described in the captioned of this order are assigned, sold or transferred) WITHOUT CONSENT FROM THE COMMISSION. OTHERWISE, this order becomes null and void!

The Commission must be notified of the commencement date of this project. Also, kindly notify the Commission when repressuring or waterflood projects are discontinued, so the order may be cancelled.

Please see that your fieldmen in charge of this repressuring or waterflood project are instructed as to the provisions of the order and the Rules and Regulations of the Commission governing the repressuring and waterflood with salt and/or fresh water. The Commission must be notified by amendment of any changes to be made in the provisions of the order.

If the log of the input well has not been filed, please comply with Paragraph (5) of the application and order. Later, upon conversation of additional wells to injection, a log of those wells must be filed.

Very truly yours

*Lu Von Feldt*
