• • •	rjury under the laws of the state of Kansas that I am authorized to request 2-3-304 on behalf of the operator Caerus WashCo LLC
	nformation and statements contained on this application form are true and
correct to the best of my knowledge	e and belief based upon available production summaries and lease records
of equipment installation and/or up	on type of completion or upon use being made of the gas well herein named.
l hereby request a one-year ex	remption from open flow testing for the SCHLEPP 22-6-1
gas well on the grounds that said v	
_	
- (Check one)	
is a coalbed me	ethane producer
is cycled on plu	unger lift due to water
is a source of n	atural gas for injection into an oil reservoir undergoing ER
is on vacuum at	t the present time; KCC approval Docket No
is not capable o	of producing at a daily rate in excess of 250 mcf/D
-	
I further agree to supply to the	e best of my ability any and all supporting documents deemed by Commission
staff as necessary to corroborate	this claim for exemption from testing.

Instructions:

If a gas well-meets one of the eligibility criteria set out in-KCC regulation K.A.R.-82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under OBSERVED SURFACE DATA. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption IS denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results. **KCC WICHITA**
