Re: B & B #1  
NE/4 Sec. 27-25S-04W  
Reno County, Kansas  
15-155-21627-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the B & B #1 well.

The original 365 days for closure expired on 01/16/2014. This extension will expire on 07/16/2014. Conditions should have existed within this time frame to allow closure of this drill pit. **No additional extensions will be granted.**

In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

**Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).**

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman  
Director

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the B & B #1 well.

The original 365 days for closure expired on 01/16/2014. This extension will expire on 05/02/2014. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

*Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.*

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

**To:** Kathy Haynes  
**Subject:** Pit extension

Dear Ms. Haynes

Per our telephone conversation of this morning, this letter is a request of an extension of our time deadline for filling the pits on the B & B #1 located in 27-25S-4W Reno, Co. (15-155-21627-0000). To date, we have restored most of the location site and have crowded the pits but they simply are too wet to finish. In anticipation of spring rains, we are requesting an extension to August 31, 2014.

Thank you for your consideration of the above.

Steve Baize

**Subject:** Pits - B & B #1

Kathy,

Per our telephone conversation, this is a request for another extension of time to fill the pits on the B & B #1 NE/4 27-25S-04W Reno, Co. API # 15-155-21627-00-00. Last month we removed the rain water from the pits (CDP-5 will be filed as soon as I get the Invoice) and we had a dozer crowd the pits last week (2nd time). The pits are simply to wet to safely fill. We are requesting an extension through the end of August and are counting on some hot dry Summer weather to enable us to fill the pits.

Your consideration of the above is greatly appreciated.

Steve Baize
