Re: Matson Estate #3
SW/4 Sec. 31-29S-06W
Kingman County, Kansas
15-095-22269-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Matson Estate #3 well.

The original 365 days for closure expired on 02/06/2014. This extension will expire on 05/11/2014. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Extension Request

Ms. Rains:

We are in need of an extension of time for the filling of the drilling pits on the above referenced well which was due to be filled by /02/06/14. The pits are still slightly saturated and with the recent snow accumulation we are unable to get into location at the present time. Please issue us an extension of time so we can fill these pits when they are completely dry.

Sincerely,

PICKRELL DRILLING COMPANY, INC.

Steve M. Dillard
President
