Re: Gillespie-South 7
SW/4 Sec. 22-25S-17E
Woodson County, Kansas
15-207-28190-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the Gillespie-South 7 well.

The original 365 days for closure expired on 08/20/2013. This extension will expire 05/20/2014. **No additional extensions will be granted.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Subject: Pit Closures - 34471
Attachments: EPSON047.pdf

Hi Kathy,

Legend is aware that this pit closure are still outstanding. It was out intent to get them closed and the CDP-4 filed during the first part of 2014 but weather has played a major factor in our ability to get this done. The waste transfer was complete and we will be filing shortly but will need additional time to get the pits closed unfortunately. I am hoping that they are completed in the field this week. Please let me know if this will be acceptable to the KCC. I apologize for the delay.

Thanks,

John
