Dear Sir or Madam:

This letter is to inform you that you have been granted a 30 day extension of time in which to close the drilling pits associated with the Lucas #1 well.

The original 365 days for closure expired on 02/17/2012. This extension will expire on 02/28/2014. Conditions should have existed within this time frame to allow closure of this drill pit. **No additional extensions will be granted.**

In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

I'm requesting an extension for "CDP-4" form for the Lucas #1 (API#150152). I have recently been injured and unfortunately have not had the time to sufficiently take care of this paperwork and/or close the drilling pits. Please contact me by mail or by phone seeing as I do not check my email as frequently. You can reach me at (620) 441-7223, or at 6535 12th Road, Douglass, KS 67039. I apologize for any inconveniences.

Sincerely,
Darren L Broyles
