Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Wushox 1 well.

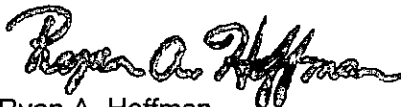

The original 365 days for closure expired on 11/15/2013. This extension will expire on 06/04/2014. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Subject: Pit Closure--WuShox #1

Kathy,

As per our phone conversation today, this email will serve as a request for an extension to fill the pits on our WuShox #1 well. API # 15079206970000, located NW NW SW of Section 11, T24S, R2E, Harvey County, KS. Gressell Oilfield has been working on this pit for several weeks now, but because of ice, snow and rain, it is too muddy to complete by the deadline of March 5th. Please give us a 10 day extension to complete the work.

Thank you.
