Re: Mary Jean #1
SW/4 Sec. 24-19S-12W
Barton County, Kansas
15-009-25810-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Mary Jean 1 well.

The original 365 days for closure expired on 02/11/2014. This extension will expire on 07/15/2014. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

RECEIVED

To whom it may concern,
RE: Filing for extension on the pit closure

Mary Jean API well# 15-009-25810-00-00

Reason for extension, Pits are still too wet but are crowded in as far as possible.

Requesting a 90 day extension, maybe the farmer will have wheat cut by then which he has planted around the whole pit location.

I personally inspected the site on April 11, 2014

Thank you.
