Re: Collinson #21-3
SW/4 Sec. 21-33S-04E
Cowley County, Kansas
15-035-24492-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Collinson #21-3 well.

The original 365 days for closure expired on 01/27/2014. This extension will expire on 06/21/2014. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Collinson 21-3
SENWSESW 21-33S-4E
Cowley Co., KS

In response to the March 4, 2014 Notice and our phone conversation, I am requesting an extension to time requirement to fill in the pit for the above well. As mentioned, we have cleaned up and filled in the working pits and part of the reserve. I am working with the landowner to bring the area up to his needs due to terracing. CDP-4 form will be filed on KOLAR as soon as work is finished.

Contact me with any questions or concerns.

Respectfully

Troy A. Phillips
President
