Dear Sir or Madam:

This letter is a correction that you have been granted an additional extension of time in which to close the drilling pits associated with the Starla 1-24 well.

The original 365 days for closure expired on 09/27/2013. This extension will expire 05/01/2014. **No additional extensions will be granted.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman

NOTICE OF VIOLATION

Re: API #15197202980000
STARLA #1-24
SENNWSW, 24-14S-9E
WABAUNSEE County, Kansas

Dear Operator,

Commission records indicate that you filed an Application for Surface Pit ("CDP-1") form for the referenced well along with your Intent to Drill. **We have not received a Closure of Surface Pit ("CDP-4") form.**

Commission records indicate that the referenced well was spudded more than 13 months ago. Under K.A.R. 82-3-602, drilling pits must be closed within 12 months after the spud date of the well. Further, an operator must submit a CDP-4 within 1 month after closing a pit.

If any drilling pits remain open, they must be closed.
Since no CDP-4 is on file, you are in violation of K.A.R. 82-3-602(c).

**Failure to submit a complete, accurate CDP-4
for the pit or pits associated with the referenced well
by February 19, 2014
shall be punishable by a \$100 per-well administrative penalty.**

The information requested above must be submitted on KOLAR.
Please contact me at (316) 337-6200 if you have any questions.

Sincerely,

KATHY HAYNES

We will need an extension of time because the land owners would not let us close the pits until we agreeded on Damages for their ground. Thanks Marilyn
