Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the V & V 1 well.

The original 365 days for closure expired on 01/22/2014. This extension will expire 07/22/2014. **No additional extensions will be granted.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

*Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).*

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman  
Director

**Ryan A. Hoffman:**

Our extension of ninety (90) days to close the drilling pits on the above location will expire on the 22nd of April, 2014. We have dewatered the pits and backfilled the water pit and crowded the reserve pit.

Hutchinson Oil Co. is requesting an extension for the proper closure of the reserve pit.

Sincerely,  
  
William S. Hutchinson

API # 15-185-23786-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the V & V #1 well.

The original 365 days for closure expired on 01/22/2014. This extension will expire 04/22/2014. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Very sincerely yours,

Ryan A. Hoffman  
Director

## Corporation Commission:

Due to a very wet summer the completion of backfilling the drilling pits on the V&V #1 has been delayed. All free fluids have been removed from the drilling pits, but additional time will be needed for the pits to thoroughly dry to backfill.

Hutchinson Oil Co. would like to request an extension on the closure of these pits. Our spud date on this well was January 22nd 2013.

Sincerely,  
  
William S. Hutchinson
