Dear Sir or Madam:

This letter is to inform you that you have been granted a 90 day extension of time in which to close the drilling pits associated with the Weier 3A well.

The original 365 days for closure expired on 08/07/2013. This extension will expire on 03/12/2014. Conditions should have existed within this time frame to allow closure of this drill pit. **No additional extensions will be granted.**

In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

**Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).**

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman  
Director

RE: Weir 3A  
Sec. 30-34S-3E  
Cowley County, KS

Dear Sirs:

Dawson-Markwell hereby requests a 90-day extension on a pit closure due to extremely wet conditions on this locations.

I spoke with Duane Krueger on November 4, 2013. He said I might write a letter to request an extension. We would like an extension at this time due to weather conditions.

Thanks,

Tripp Markwell
