Dear Mr. Leiker:

I have completed form CP-3 from the information taken from the well plugging record filed by Joe K. Branum. Mr. Nichols said that he knew nothing about this well and according to the well plugging record the well was plugged when Petty was on his vacation. Will you sign and return this form to us if you were called on the well. If you know nothing about the well then Branum must have plugged it without contacting anybody. I would appreciate your signing this form if you were contacted for plugging instructions.

S. S. Greider

Dear Mr Greider

In reference to form CP-3
filed by Joe K Branum (a plugging record)
on the stream A1 in Lane Co. for
Davis Brothers, drilled by Tressell Helz Co.
Jan 3, 1963. I didn't give plugging
orders on the above well, but in
a telephone conversation with Mr
Hugh Scott in Liberal today, he informed
me he knew something of the well
and will handle form accordingly.
So I forwarded Agents Report sent me,
to him for clearance.

Hope this is satisfactory
to you

Yours Very Truly
Gilbert P. Leiker

Dear Mr. Greider,

In regards to Davis Brothers Well,
I was contacted on this well,
and gave plugging orders.

Since then I have not been able
to obtain information on this well.

I talked to Jack Parrett of Ferral
Drilling Co. Sunday 1-20-63, and still
didn't get any information on well.

Hugh Scott

Mr. Greider:

Concerning the Well Plugging Authority (CP-8) you sent me dated January 11, for Davis Brothers' Stremel "A" #1 located CNE-SE-26-19-28W Lane county---I have no information on it so I called Petty and he has nothing on it either. I am wondering if Leiker at Victoria could have given the plugging instructions on it in Petty's absence. Advise.

I am returning two gasoline credit cards for which I do not anticipate having any need.
