Re: Giles Land 1-29 (NW)  
NW/4 Sec. 29-30S-21W  
Clark County, Kansas  
15-025-21560-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Giles Land 1-29 (NW) well.

The original 365 days for closure expired on 06/01/2014. This extension will expire on 10/18/2014. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

***Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.***

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman  
Director

Re: Giles Land #1-29(NW) #15-025-21560  
Drilling pit closure extension  
NW/4 Section 29-30S-21W  
Clark County, Kansas

Gentlemen:

Our field superintendent reported that the drilling pit on the above location is not ready to be backfilled. The recent rains have delayed the closing of this pit so we ask for an extension of three (3) months. A contractor has been employed to monitor the pits and restore the location when conditions allow.

Thank you for your cooperation in this matter.

Sincerely,

FALCON EXPLORATION, INC.

  
Cynde Wolf
