exempt status under Rule K.A.R. 82-3- and that the foregoing pressure infor- correct to the best of my knowledge ar of equipment installation and/or upon t	y under the laws of the state of Kansas that I am authorized to request -304 on behalf of the operator Foundation Energy Management, LLC mation and statements contained on this application form are true and and belief based upon available production summaries and lease records type of completion or upon use being made of the gas well herein named. Application from open flow testing for the ZWEYGARDT 21-32							
is a coalbed metha	is a coalbed methane producer							
is cycled on plunge	is cycled on plunger lift due to water is a source of natural gas for injection into an oil reservoir undergoing ER							
is a source of natu								
is on vacuum at the present time; KCC approval Docket No								
is not capable of producing at a daily rate in excess of 250 mcf/D								
I further agree to supply to the be staff as necessary to corroborate this	est of my ability any and all supporting documents deemed by Commission claim for exemption from testing.							
Date: 9/11/2014								
Received KANSAS CORPORATION COMMISSION SEP 15 2014 CONSERVATION DIVISION WICHITA, KS	Signature: Multi-M							

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
