I declare under penalty of periury un	der the laws of the state of Kansas that I am authorized to request									
exempt status under Rule K.A.R. 82-3-304	1 011 0 7									
·	tion and statements contained on this application form are true and									
	pelief based upon available production summaries and lease records									
•	e of completion or upon use being made of the gas well herein named.									
	on from open flow testing for the Krankenberg # 1									
gas well on the grounds that said well:	C-SW-NE Sec.19-25S-16W Edwards,Co.									
(Check one)	API # 15-047-20,201									
is a coalbed methane	producer									
is cycled on plunger li	ft due to water									
is a source of natural	is a source of natural gas for injection into an oil reservoir undergoing ER									
is on vacuum at the pr	is on vacuum at the present time; KCC approval Docket No									
is not capable of prod	ucing at a daily rate in excess of 250 mcf/D									
I further agree to supply to the best of	of my ability any and all supporting documents deemed by Commission									
staff as necessary to corroborate this cla										
	in to example in the string.									
Date: Sept, 03,2014										
Date.										
	Signature: Melain & Uban									

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation \acute{K} .A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
