Re: Koogler A 302
SE/4 Sec. 20-26S-05E
Butler County, Kansas
15-015-23970-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the Koogler A 302 well.

The original 365 days for closure expired on 04/29/2014. This extension will expire 11/15/2014. **No additional extensions will be granted.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Butler County, KS

Dear Kathy:

We would like to request an extension to file the pit closures on the above captioned wells in Butler County, Kansas. We had previously filed an extension for the Koogler S #302 and it expired on September 11, 2014. I have spoke with Casey Coats our engineer for the area and there is still a small area that we are waiting on to dry out before the pits can be fully closed on both of these wells.

We would like to request an extension in which to file the pit closure on thess leases. We appreciate your consideration and if you have any questions or concerns please contact me at 316-682-1537 Ext 102 or at mdhenning@vessoil.com

Very truly yours,

Michelle D. Henning
