Re: S and J
NW/4 Sec. 33-13S-17W
Ellis County, Kansas
15-051-26551-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the S and J well.

The original 365 days for closure expired on 07/06/2014. This extension will expire on 11/06/2014. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

*Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but **no pit permit extension shall be extended beyond six months after the original deadline.***

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Re: API No. 15-051-26, 551-00-00
N/2-NW-SW-NW Sect. 33 Twp. 13S Range 17W
Lease name: S and J

Dear Ms. Haynes,

In regards to the pit closure for the above-mentioned lease, the pits have been sucked out three times to this date and the pits have been squeezed in size as well. Due to the wet spring and summer, we cannot close this pit at this time.

We are asking for an extension to give the pits more time to dry out.
Thank you,

Ron Schmidtberger
