Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the Paul 1 well.

The original 365 days for closure expired on 07/16/2014. This extension will expire 1/16/2015. **No additional extensions will be granted.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Dear Ms. Haynes,

This letter is to inform you that we have settled with Charter Energy, Inc. and are going to backfill the rotary pits at the above location ourselves. We are assuming responsibility for the pits and will get them filled as time permits with our farming operations.

If you have any questions, I can be reached at the above address or on my cell 785-623-0421.

Sincerely,

Paul Leiker
