Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the Binford/Campbell 1-31 well.

The original 365 days for closure expired on 04/26/2014. This extension will expire 10/26/2014. **No additional extensions will be granted.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Re: Extension of time to close drilling pits at the Binford/Campbell #1-31 well
location: API# 15-009-25831-00-00

Dear Kathy,

I would like to request for second extension of time to close drilling pits associated with the drilling of the Binford/Campbell #1-31 well. The first extension expired on July 26, 2014. The pits are not ready to be closed at this time as they are still wet. I would like to request for three months extension.

Yours very truly,

Loveness Mpanje
Petroleum Geologist
